

Keep Our World Clean

Domain:

Written presentation

Benchmark:

Present information on limited content, supported by visual aids

Description:

In this task, pupils are asked to think of slogans for keeping the world clean. Each pupil presents his or her slogan in a poster that includes a short piece of writing.

Rationale for choice of topic:

Children should be familiar with the discourse of environmental issues from school and the media. The topic is relevant to the pupils' personal experience and is of educational value.

Suggestions for implementation (prior to and/or during):

Discuss the importance of environmental awareness. Ask pupils to think of ways they can contribute to keeping the world clean. You may want to show them examples of anti-littering or recycling campaigns from other places (e.g., the "Magic Eyes" campaign from Bangkok).* Discuss the characteristics of a good slogan: something short and easy to remember. Use examples from television or radio commercials to illustrate the point. Discuss effective ways to illustrate posters.

If possible, the poster page (page 5 of the task) should be photocopied on large paper.

Note: Assessment of this task should not be based on pupils' artistic abilities.

Note: It is very important to teach pupils how to use a checklist before they are given this performance task.

* Plastered on walls throughout Bangkok, Magic Eyes are an attempt to instill environmental awareness in Thai citizens from a very young age.

Suggested time allotment:

One lesson

Prerequisites:

- Familiarity with environmental issues and relevant vocabulary
